

**REMOTE JOB = FREEDOM**

**7 WEBSITES THAT WILL**

**GET YOU A REMOTE JOB**

**QUICK & EASY**

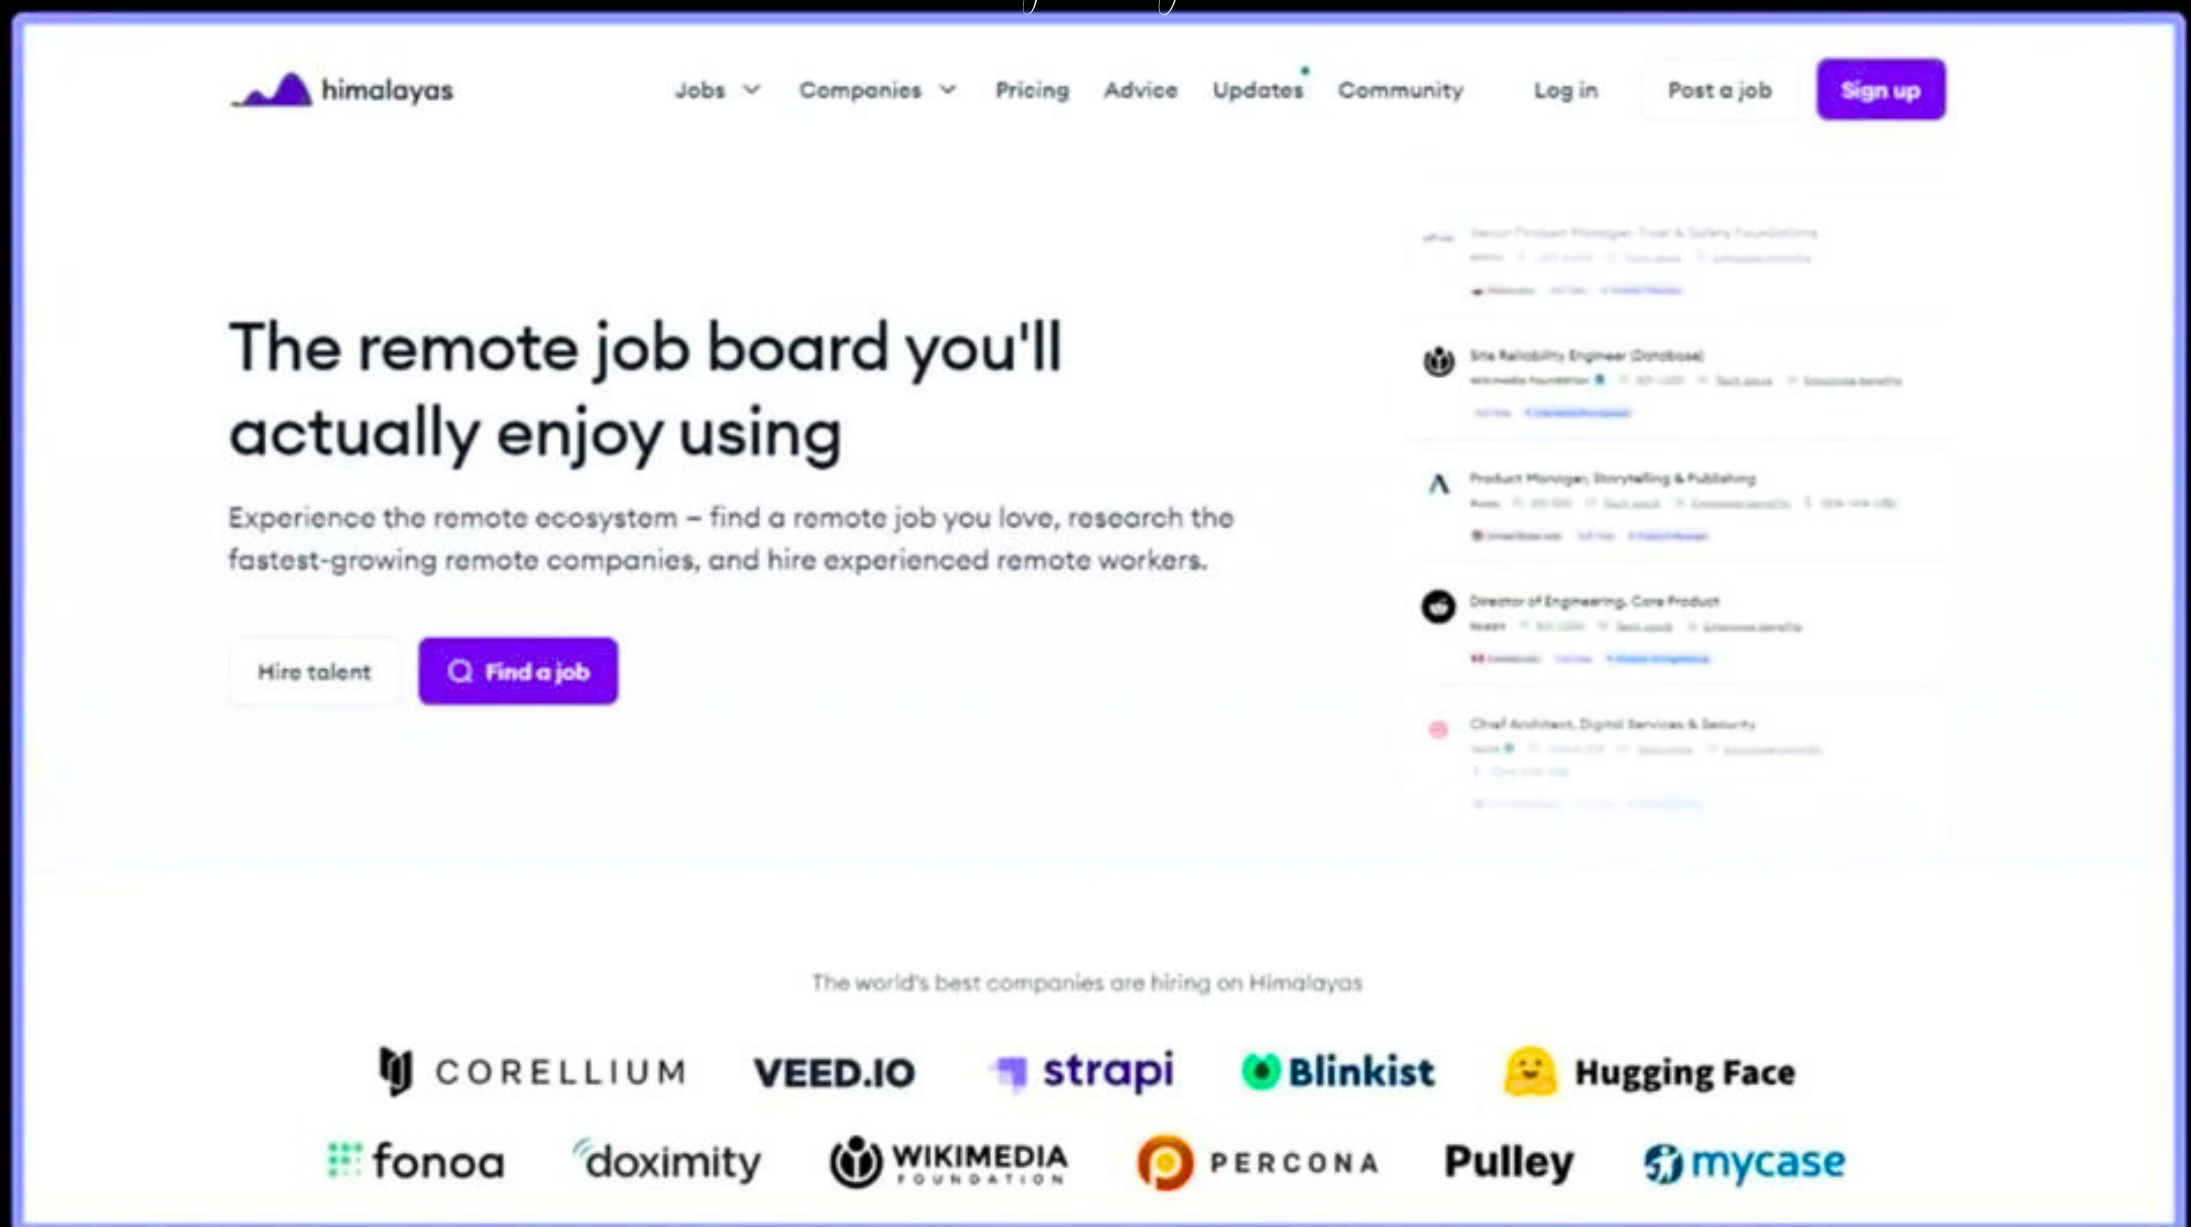

# 1. We Work Remotely

This is **arguably the largest** remote work community in the world.

There are a **ton of tech-related** remote work job opps here, from small startups to the biggest tech **companies like Google.**

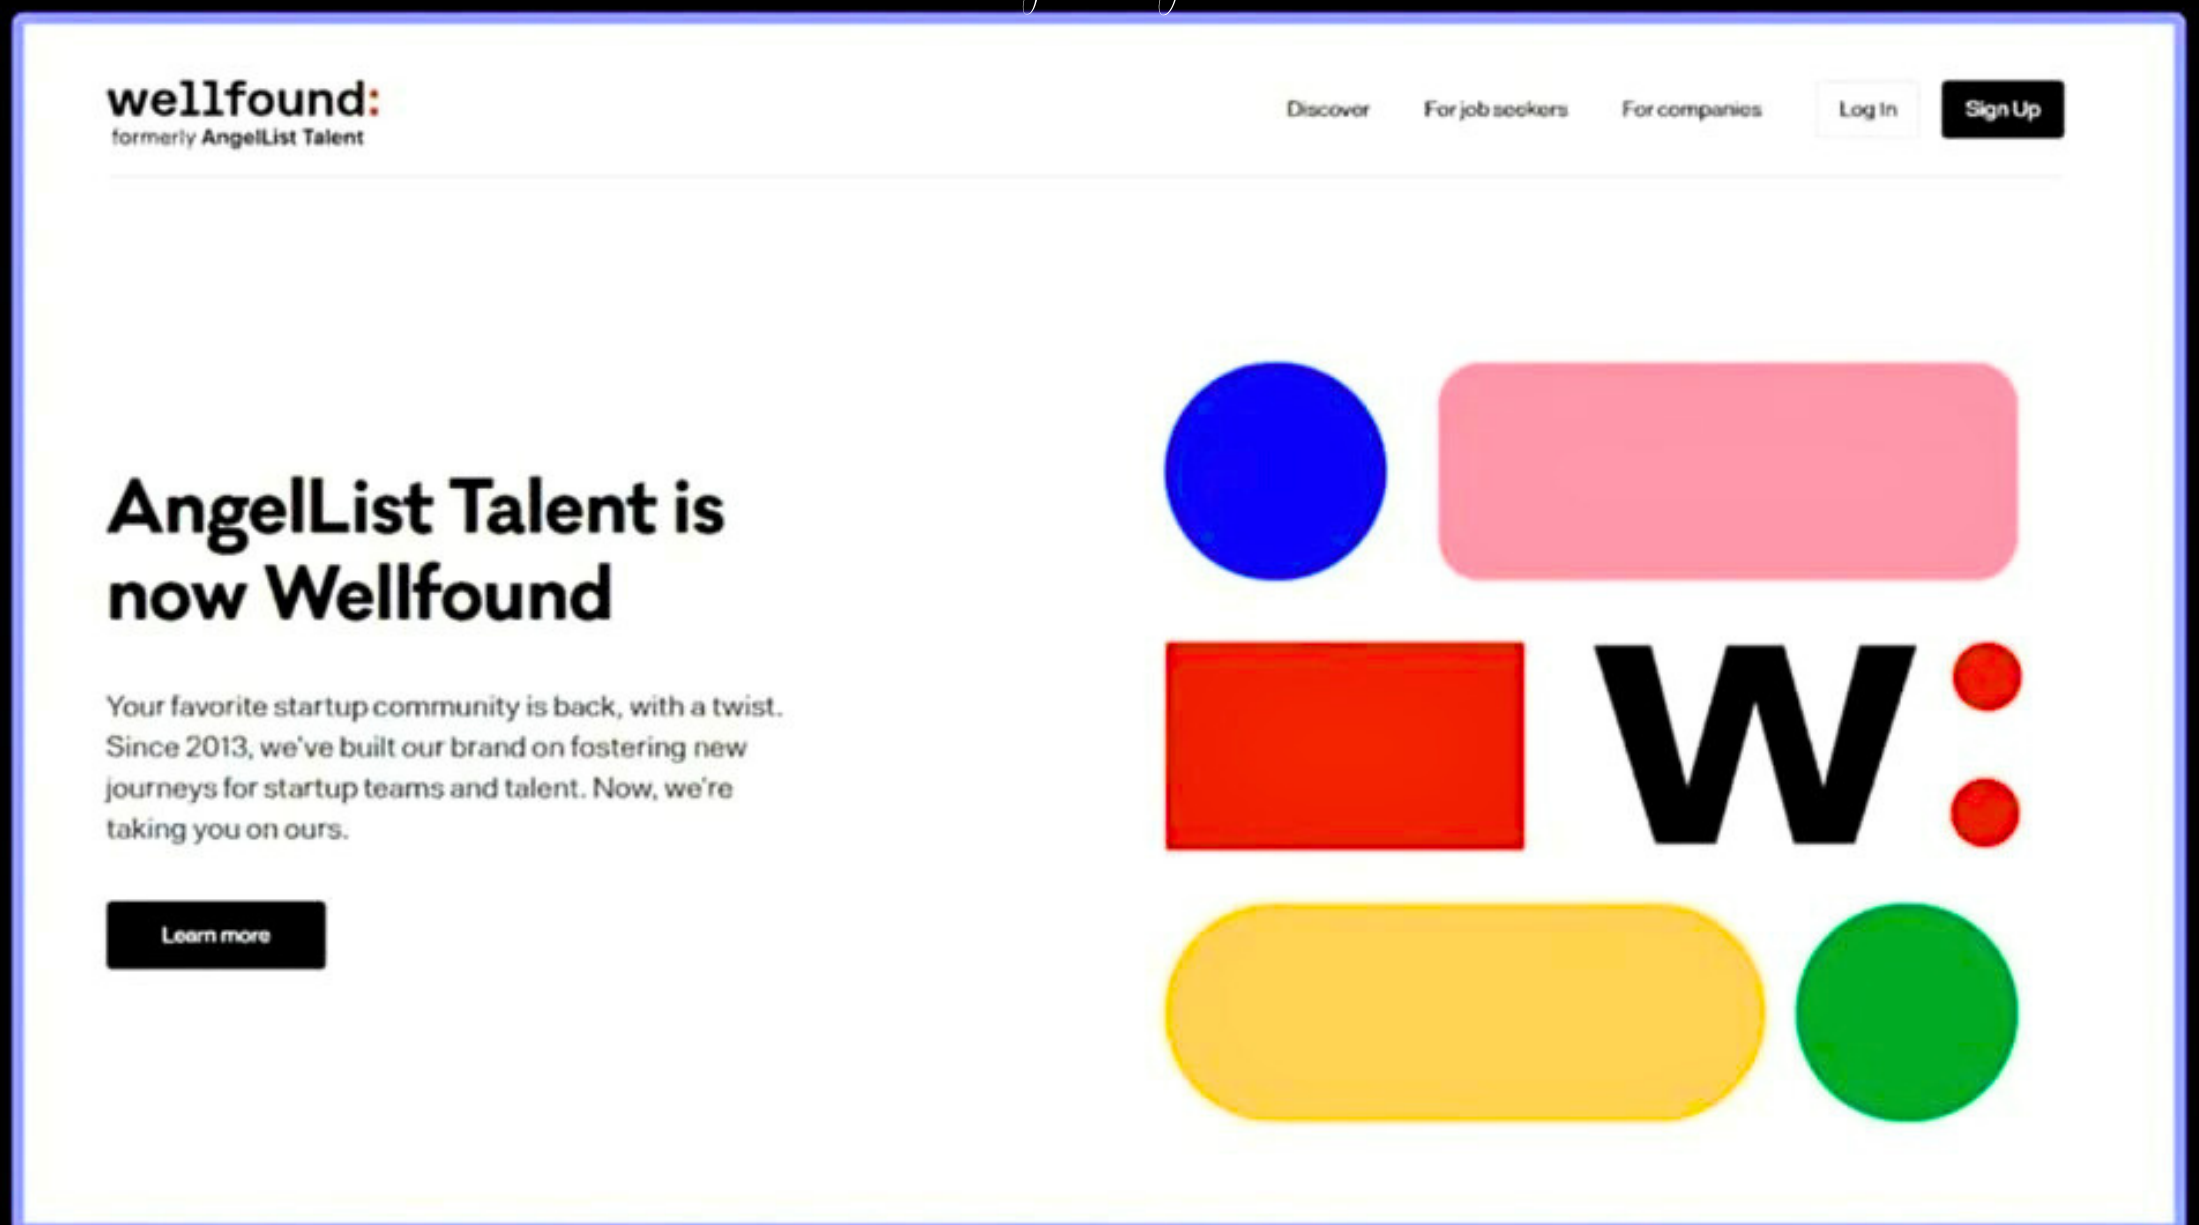

## 2. Himalayas App

This platform is fantastic for finding **remote work in tech.**

The UX is great, they have a plethora of **opportunities**, and they give heaps of data and **insights too!**

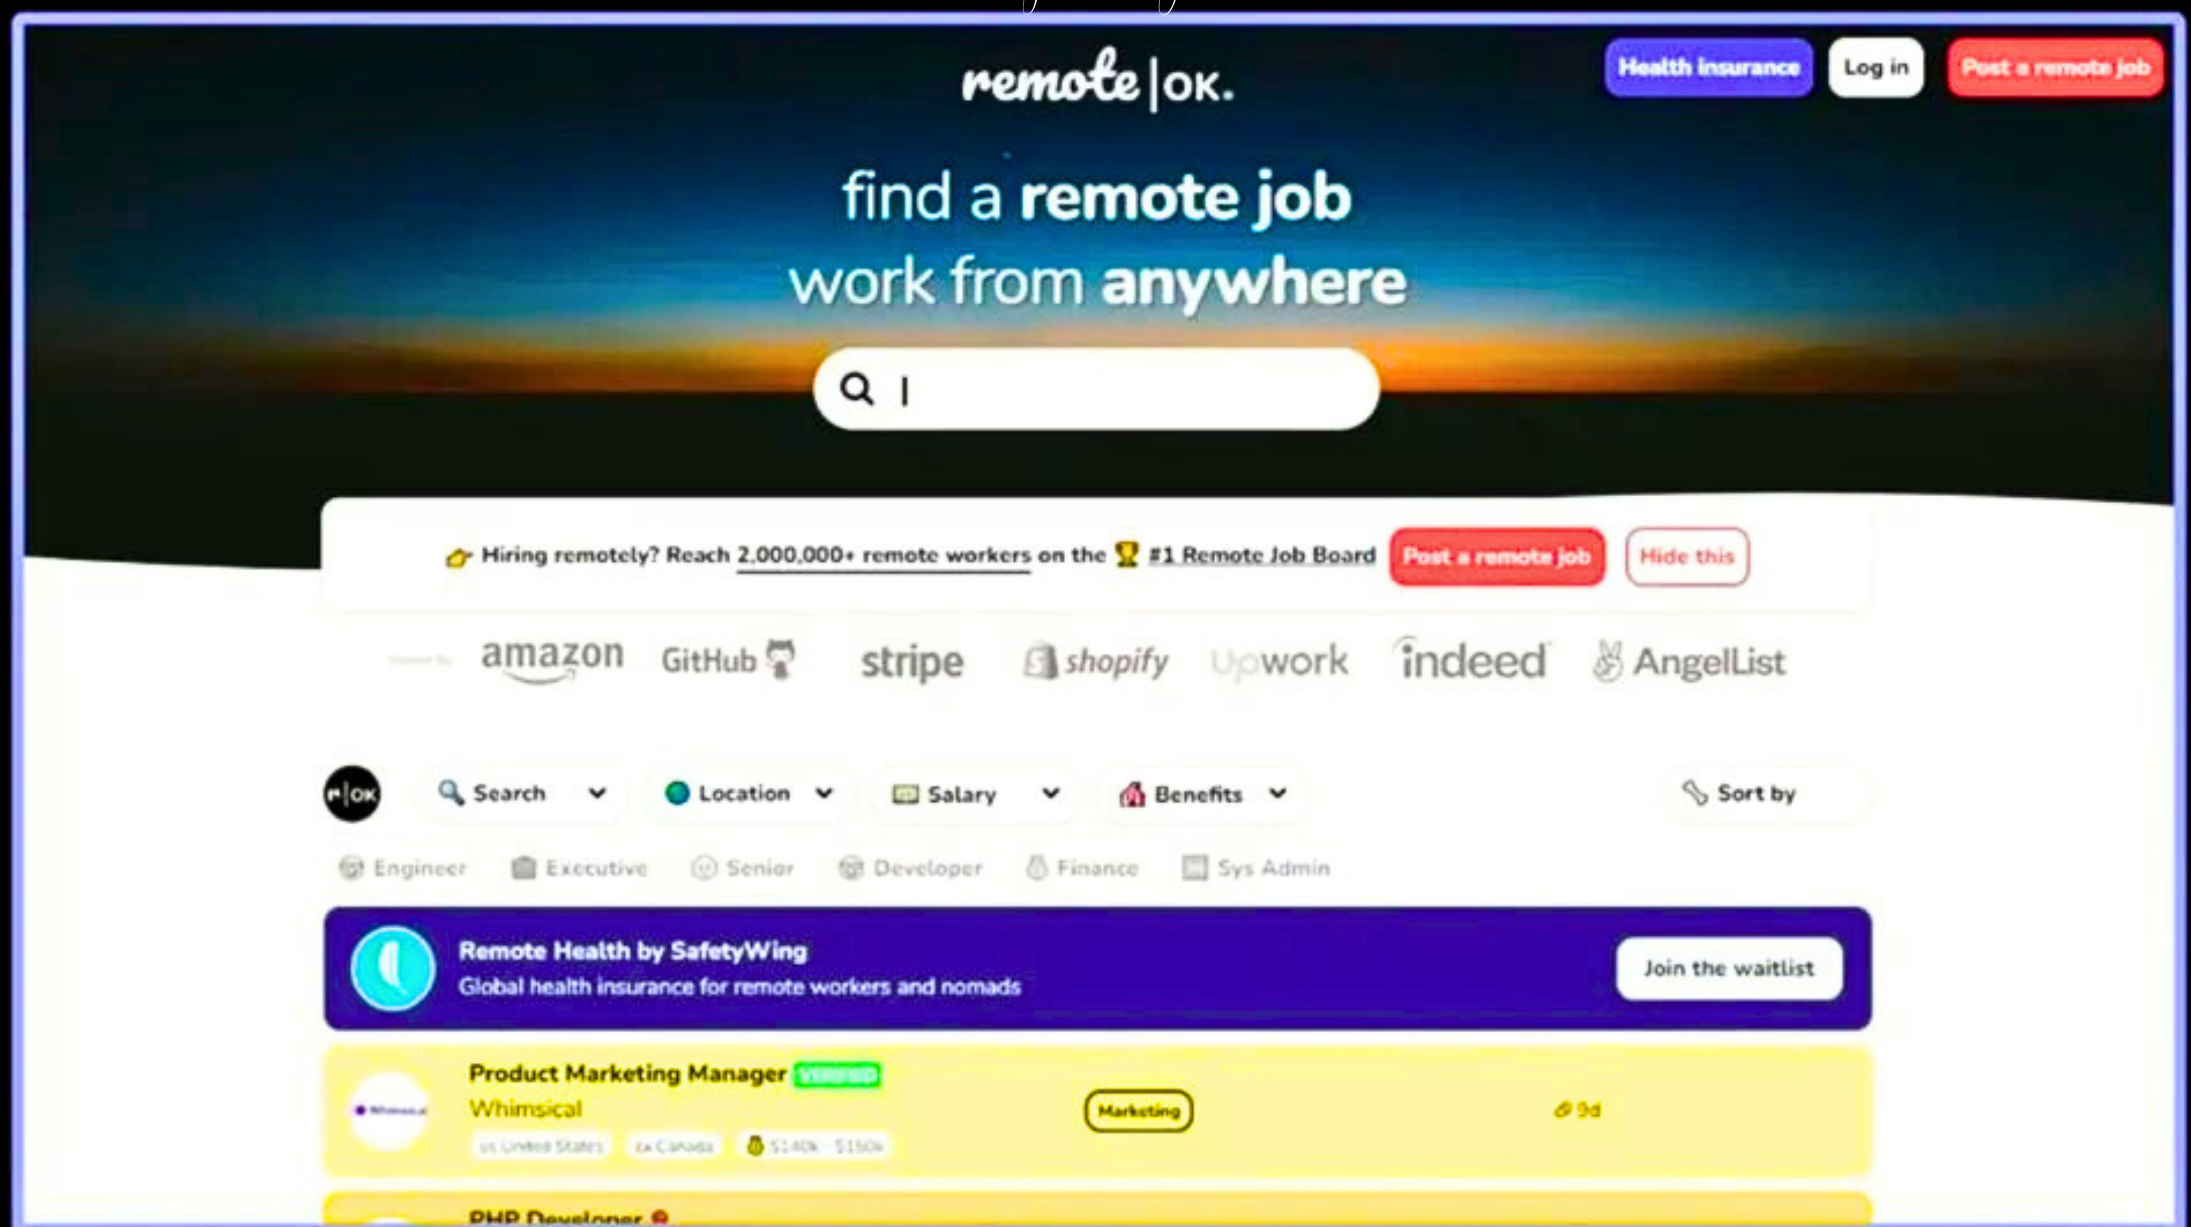

### 3. Angellist Talent (Wellfound)

World's **number 1 startup** community specializing in remote technical talent **and opportunities.**

Amazing platform **for remote work** startups opportunities!

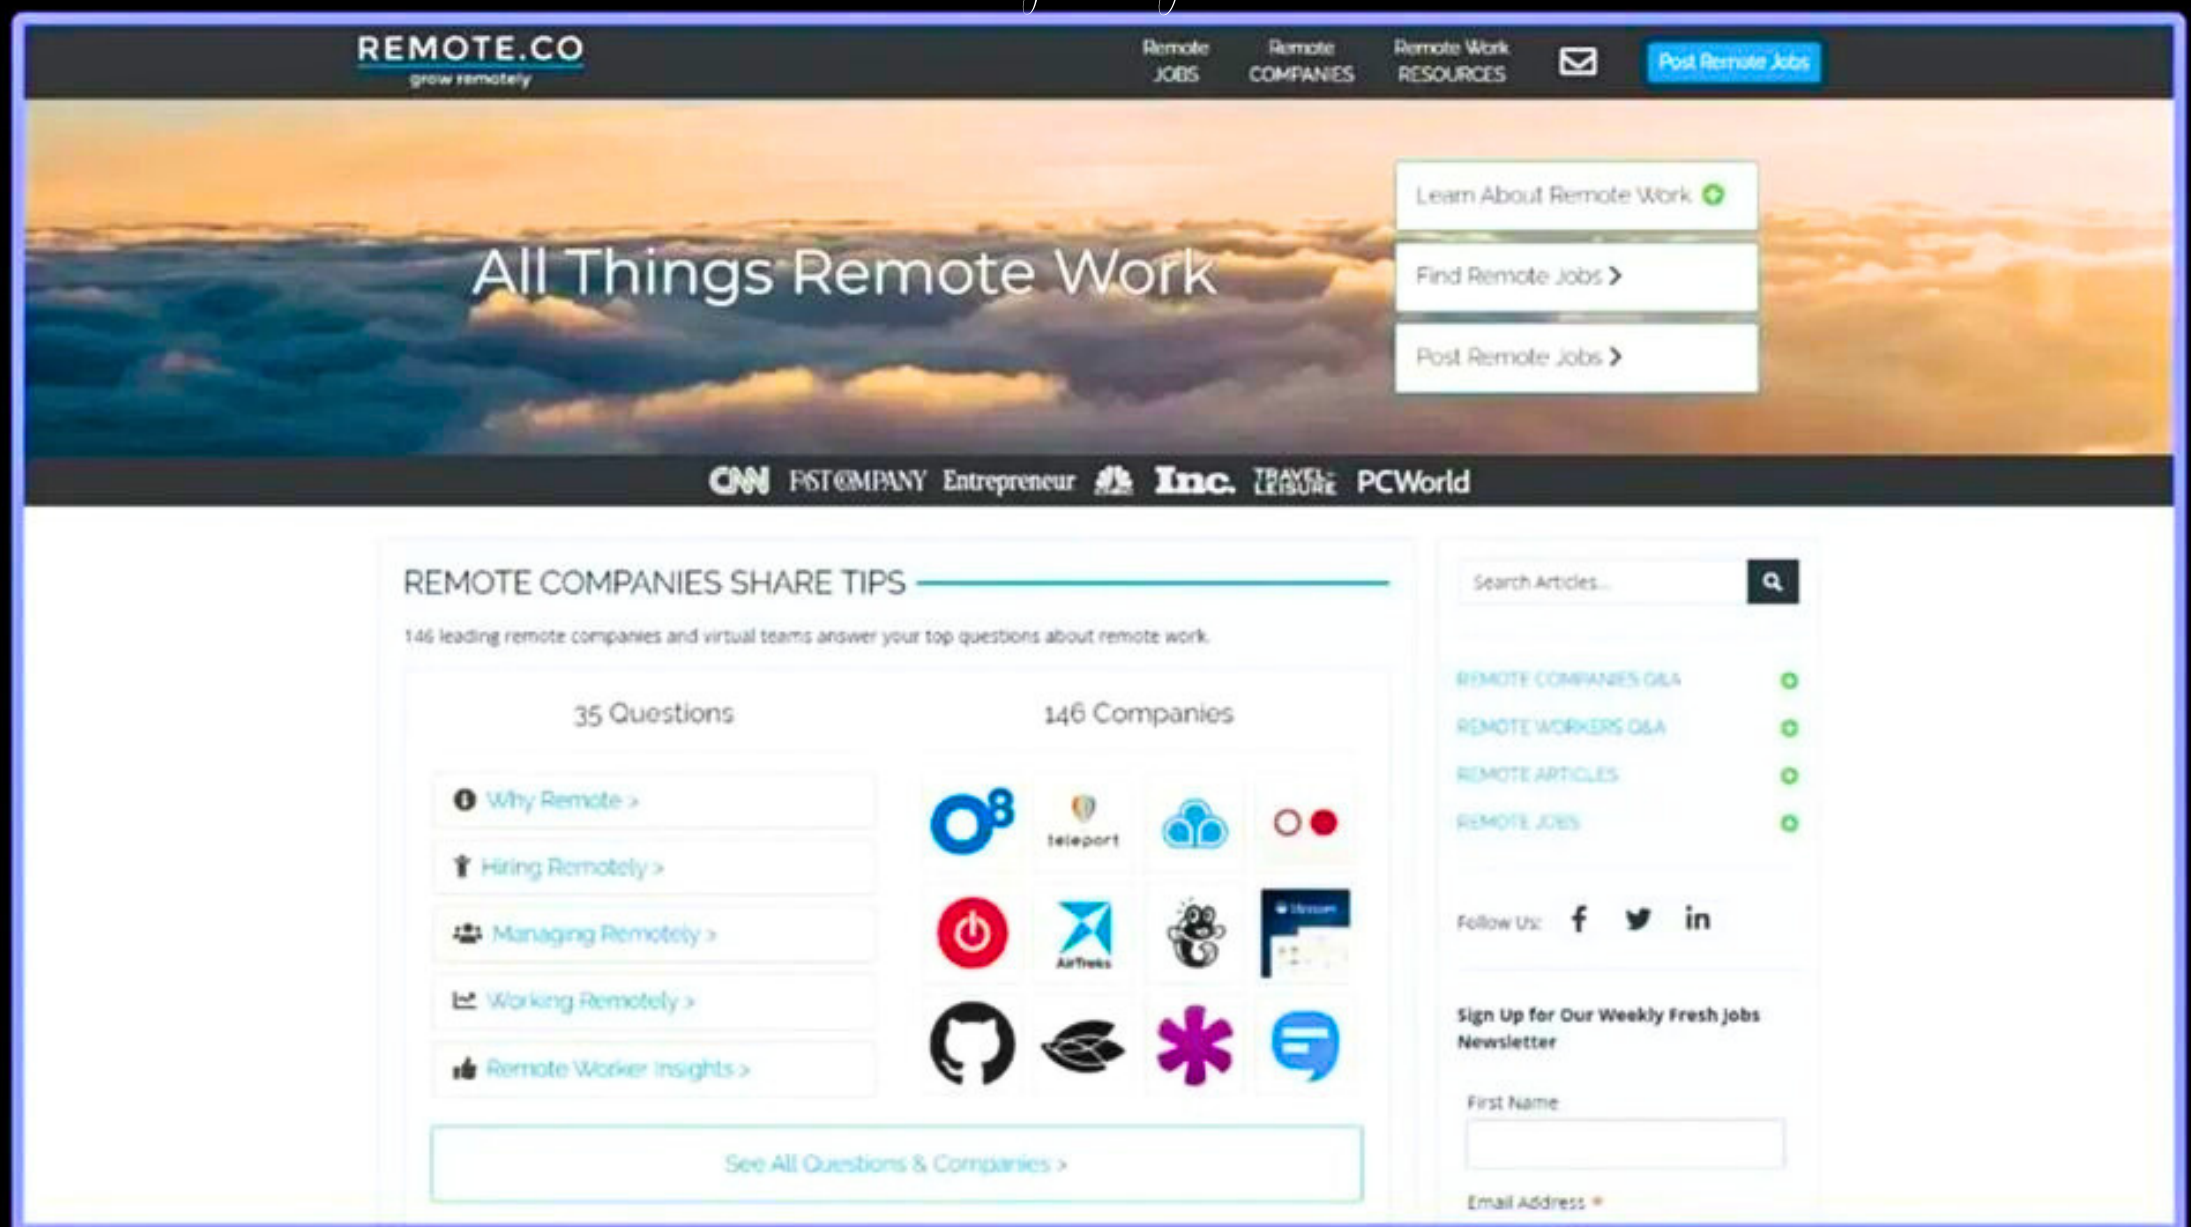

## 4. Remote OK

Work anywhere, live anywhere, open salaries. Again, so many remote work **web development** opportunities for devs here.

They are **completely open** about salaries.

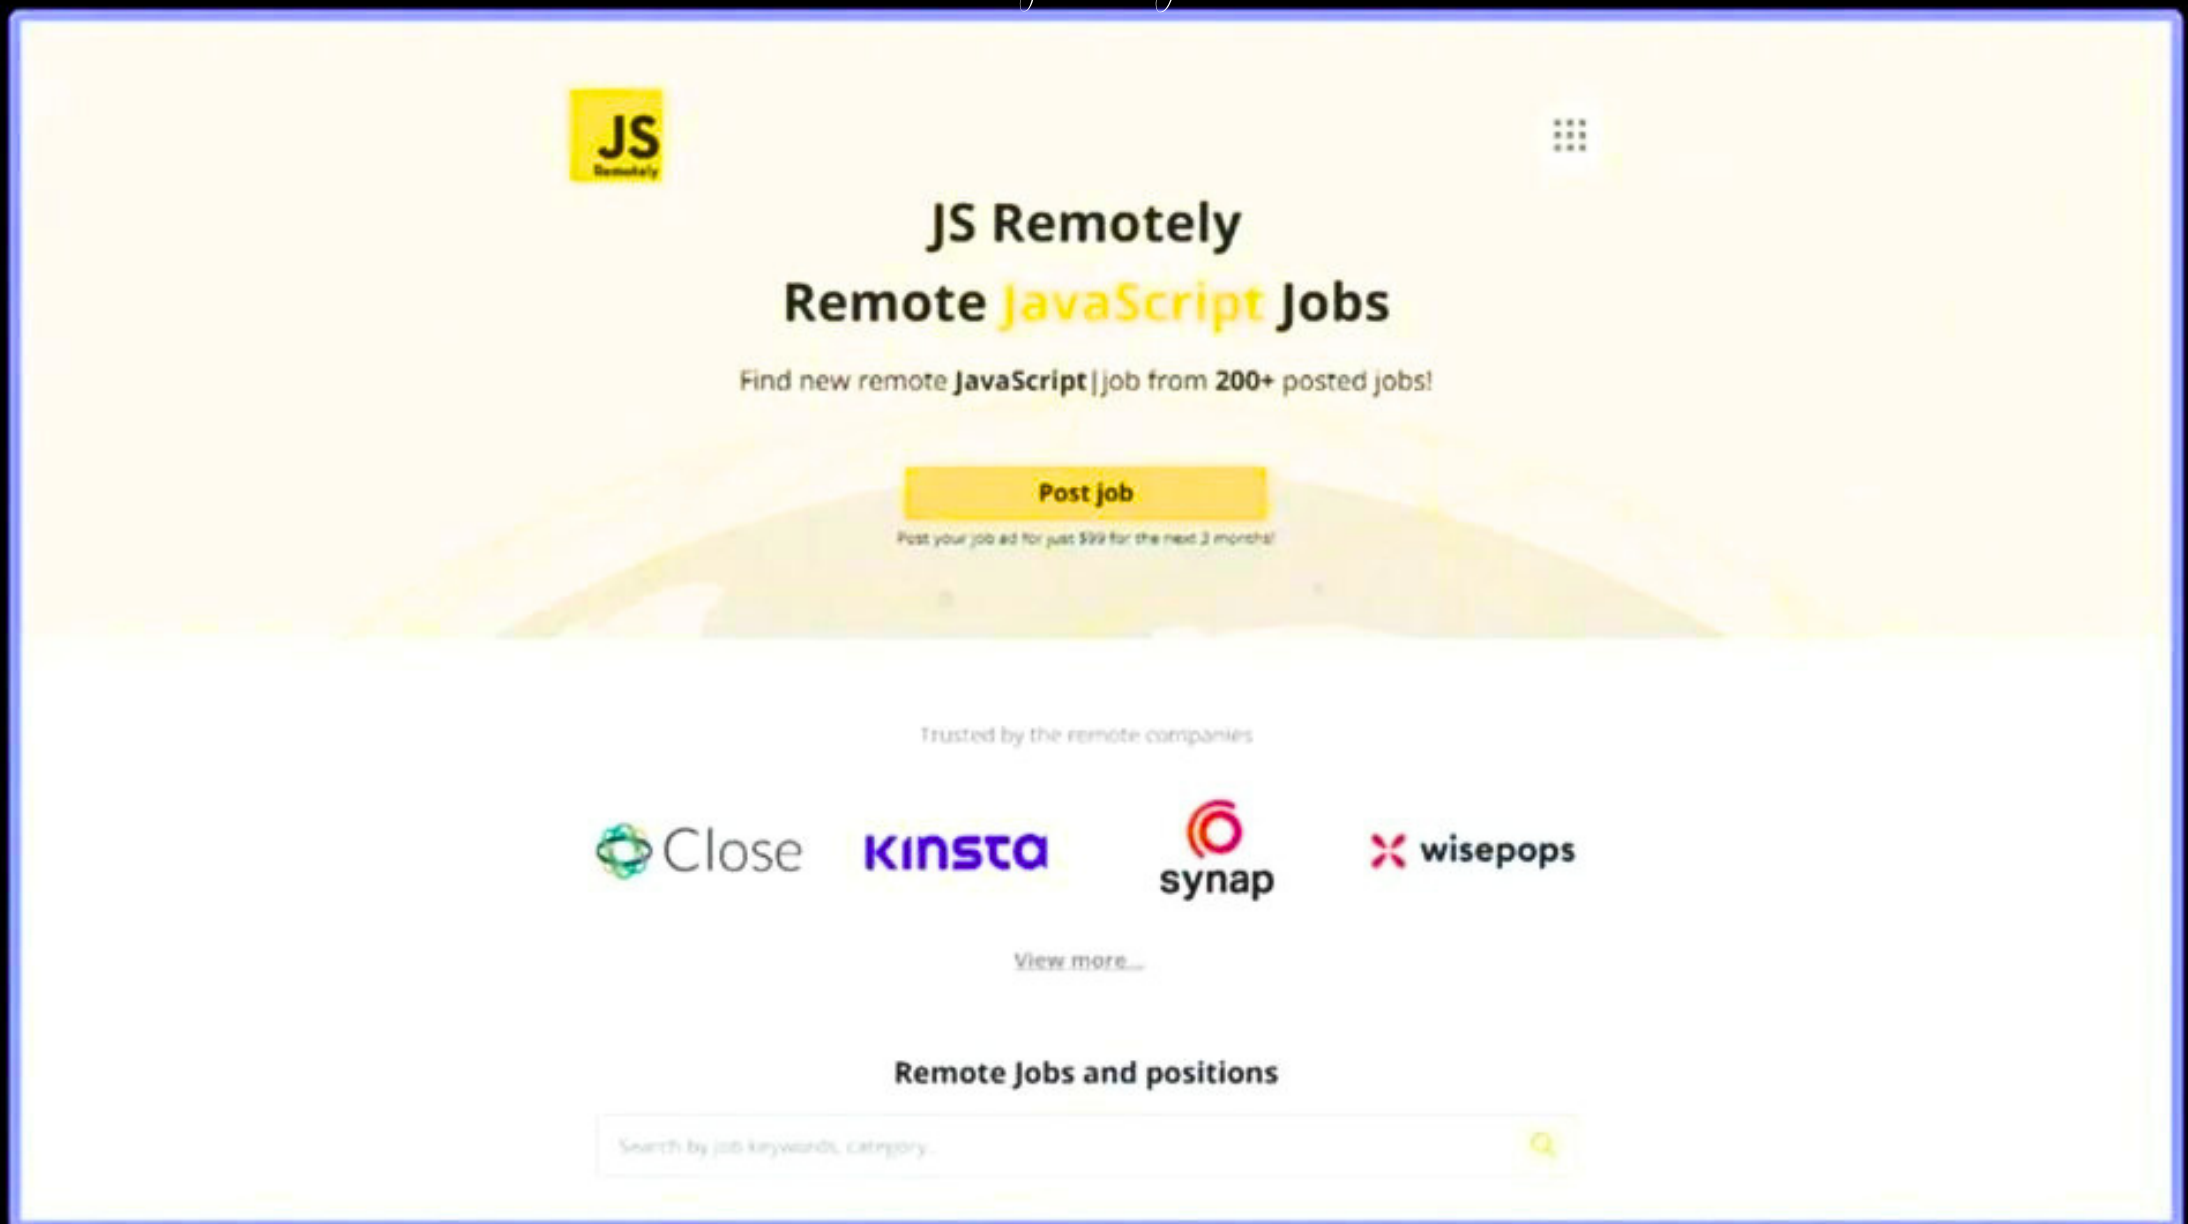

## 5. Remote CO

We personally prefer the other platforms, but this is also a **great platform** for remote work dev opportunities.

It should be part of **your arsenal** of sites to discover and land **remote work job**.

## 6. JS Remotely

This platform is **awesome because** it is specific, JavaScript remote work jobs!

There are not as **many jobs here**, but they revolve around Frontend Development **which is handy** for frontend devs.
